W. A. Hemleben returned yesterday from San Francisco where he went with a carload of poultry and will soon leave with another car. The family home of Geo. N. Beals took a spin over the rough roads from the union depot last evening but did no particular damage.

The snow flurry last night furnished the earth with a thin coating of white, giving the weather and country a sort of Christmas-like tone. Ernest Hamilton of Oxnard, Cal., and Superintendent Connolly of the Grand Island factory arrived in the city yesterday to visit the factory at this place.

The Lausch boy who was accidentally shot last Sunday was brought in this morning and will be submitted to an operation as symptoms of blood poisoning have made their appearance. The next dancing party of the Early Hour club will be given on Tuesday evening, December 26. The party will partake of the nature of a Christmas festivity. Sassano, the Sioux City harpist, will furnish the music.

Carpenters suspended work on the opera house until this afternoon on account of the cold and wind, but they have since been actively engaged in the work on the roof and interior. Friends of the enterprise sincerely hope that the weather may admit of putting on the roof within the next week.

There is to be a christening party this evening at the home of Mr. and Mrs. J. B. Maylard when their baby will be christened Victoria and the baby of Mr. and Mrs. Ed Seymour will be christened Elizabeth. Rev. J. J. While Engineer Tom Clements was working around a shaft connected with one of the washers at the steam laundry this morning he got his clothes caught on the set screw, which began to wind him up in the machinery. The sleeve was torn off his arm and he received some severe and painful bruises before he was released. He was considered as very fortunate in escaping with no worse injuries.

Company F, First Nebraska regiment, N. N. G., has been reorganized with the following officers: Captain, Fred Gagner, formerly captain of company L; first lieutenant, C. A. Geo. L. Platt, representing the Hartford Fire Insurance company and who has been delegated by several of the companies interested to represent them, is here endeavoring to make a settlement with Beeler Bros. and the representative of the owner of the building, for the loss sustained by reason of the recent fire. The loss on the building was settled by the payment of \$52.50, but the loss on the goods cannot be adjusted until a representative of another company arrives. He is expected to be here this evening, when the matter will probably be settled.

H. H. Miller has got rid of his troublesome renter, C. W. Bridgeford, and family. They moved out sometime between Saturday evening and Sunday morning leaving a portion of their goods which Miller promptly deposited outside Monday morning. It is said that Bridgeford, without permission of the owners or their representative took possession of and moved into the Cox house nearby and it is understood that proceedings to oust them will at once be commenced. While there is some sympathy expressed for Bridgeford's family there is none for the head of the family who is a strong, well built fellow in every thing

but intellect. It is said that he was run out of Newman Grove and Battle Creek in both of which villages he endeavored to live without work as he has done here. Miller offered him work to pay his rent but he refused to accept the offer. It is said that his family is compelled to subsist on the scantiest of provisions owing to his laziness. There should be some way of dealing with such timber. WEDNESDAY WRINKLES. H. H. Herbison of Madison is a city visitor. W. W. Sinclair is in the city from Bancroft. Hoelzel, pastor of the St. Paul Lutheran church, called on and surprised him last evening, the occasion being in observance of his 46th birthday. During the evening bouquets and acceptable refreshments were served and the time was thoroughly enjoyed by all. The reverend gentleman was presented with a nice fur coat, a very well timed reminder of the visit of his friends. Not for years has there been a better or larger stock of holiday goods on display than there is right now in the various mercantile establishments of Norfolk. The proprietors have had a fair trade in this line until within the past few days when the condition of the weather and roads has served to keep people away from town. With favorable conditions between now and Christmas a good trade is looked for and

the merchants will probably not be disappointed in the expectation.

Mrs. Mary Stengel, aged 80 years, died yesterday at the home of her son-in-law, Fred Braasch about 10 miles northwest of the city in Pierce county. The remains of the old lady have been or will be taken to the home of her son Frank Stengel, which is nearer town, and funeral services will be held there tomorrow morning at 10:30, after which the funeral cortege will form and conduct the remains to town, when services will be held in Christ Lutheran church and interment will take place in the cemetery of that church east of the city. Rev. J. P. Mueller will conduct the services. Prepares for Annual Meeting. C. Seacrest of Lincoln, members of the executive committee, held a session at the Lindell last night to arrange for the annual meeting of the editors of the state, which is to be held here on January 23 and 24. The program was put together as far as possible and arrangements were made for completing it during the week. The officers are all of the opinion that it will excel in interest and profit any meeting held for years. The sessions will be held this year at the Lindell. "An interesting item of business was the report by President Huse that a customer had been found for the press building on the Chautauqua grounds at Crete. The sale will net the association \$75. GATACRE AWAITS AID.

Will Retreat to Queenstown, as He Cannot Proceed North.

HIS COMMAND IN A TIGHT PLACE.

Invasion of Free State Territory is Delayed—Reinforcements For Him Cannot Arrive For Several Weeks—Number of British Captured is 675.

LONDON, Dec. 12.—No further news has been received to remove the mystery overhanging General Gatacre's retreat from Stormberg. He has not yet forwarded the promised additional message and the censorship has prevented the correspondents from explaining the matter. Stormberg is described as a stronger position than Laing's Nek. The only road leads through lofty hills and flanking is impossible. Coloburg is also said to be an almost impregnable position, and as no troops are available to reinforce the columns acting in those directions, it becomes evident that General Gatacre's misfortune or error will delay the invasion of the Free State perhaps some weeks. It is exceedingly probable that he will be compelled to retire on Queenstown and to wait for reinforcements, which can hardly reach him until Sir Charles Warren's division arrives at the Cape. The first detachments will sail Saturday next. Even if General Freill is not compelled to retreat, he will be obliged to pause in his advance. It now seems certain that the Seventh division which is being mobilized at Aldershot will be sent to South Africa. No news has been received concerning the Boer report of the capture of 50 prisoners at Modder River from General Methuen's column. It is just two months since the Transvaal ultimatum was delivered. Nine engagements have been fought and the British have lost 566 killed, 2,207 wounded and 1,907 missing or prisoners. The war office has issued a notice that after January 1, that a deduction will be made from the pay of soldiers serving in South Africa for wives and children. The order indicates a belief that the campaign will be a long one. It is announced from Cape Town that the Boers have succeeded in repairing the Leeuwfontein bridge, between Stormberg and Burgersdorp, which the British destroyed on retiring. Commandant Swanepol, who commanded the Boer forces at Stormberg, has been replaced by a Scotchman named Robertson. PREERIE CAMP, Natal, Dec. 12.—The British cavalry reconnoitered yesterday abreast with Colenso and exchanged shots with parties of Boers, who fell back across the river. The kopjes were observed to be thickly occupied by the enemy. The railroad bridge at Colenso has been completely destroyed. Two stone piers were blown up last night. The highway bridge is intact. Boers Capture Three Guns. PRETORIA, Dec. 12.—The Boers captured three British guns in the engagement with General Gatacre's force at Stormberg. The sortie at Kimberley last Sunday was an attempt to take the Boer position at Kamperdam and to secure the waterworks. All the British shots fell short. Six hundred and seventy-two British prisoners were taken at Stormberg. In the fighting at Modder river yesterday General Cronje maintained his position and captured 50 British soldiers. Lawton Occupies San Miguel. MANILA, Dec. 12.—General Lawton, with the Thirty-fifth infantry and four troops of the Fourth cavalry, has occupied San Miguel without a fight. The insurgent commander, General Del Pilar, who made his headquarters there with supposedly the largest force of insurgents north of Manila, is believed to have divided his men into scattering bands. The inhabitants have petitioned for a strong garrison. Colonel Hayes with cavalry had two brushes with the insurgents, the Americans having two wounded. Seventy insurgents attacked a commissary train returning from Capas to Tarlac. The drivers escaped with the loss of their rations and effects. Cheers for Kruger in Dublin. DUBLIN, Dec. 12.—Lord Mayor Daniel Fallon presided at a meeting of the corporation called to protest against the Transvaal war. The clerk announced there was no quorum, but the lord mayor insisted on making a statement, in which he declared that the war was a "wanton and unprovoked aggression undertaken by Mr. Chamberlain and capitalists against a handful of farmers." He further declared that America was opposed to this iniquitous war. The tumult in the galleries drowned all the speeches. Eventually the lord mayor left the chair, with the galleries cheering for President Kruger. Message From Captain McGlory. PORT COLBORNE, Out., Dec. 12.—A bottle containing a piece of paper, on which was written the following, apparently by the captain of the foundered steamer Niagara, was found on the beach yesterday: "Expect to go down any minute. Captain McGlory. Good-bye. Steamer Niagara foundered about three miles from Port Maitland."

RUNNING SORE ON HIS ANKLE.

After Six Years of Intense Suffering, Promptly Cured By S. S. S. Obstinate sores and ulcers which refuse to heal under ordinary treatment soon become chronic and deep-seated, and are a sure sign that the entire circulation is in a depraved condition. They are a severe drain upon the system, and are constantly sapping away the vitality. In every case the poison must be eliminated from the blood, and no amount of external treatment can have any effect. There is no uncertainty about the merits of S. S. S.; every claim made for it is backed up strongly by convincing testimony of those who have been cured by it and know of its virtues by experience.

Mr. L. J. Clark, of Orange Courthouse, Va., writes: "For six years I had an obstinate, running ulcer on my ankle, which at times caused me intense suffering. I was so disabled for a long while that I was wholly unfit for business. One of the best doctors treated me constantly, but did me no good. I then tried various blood remedies without the least benefit. S. S. S. was so highly recommended that I concluded to try it, and the effect was wonderful. It seemed to get right at the seat of the disease and force the poison out, and I was soon completely cured." Swift's Specific.

S. S. S. FOR THE BLOOD—drives out every trace of impurity in the blood, and in this way cures permanently the most obstinate, deep-seated sores or ulcer. It is the only blood remedy guaranteed purely vegetable, and contains not a particle of potash, mercury, or other mineral. S. S. S. cures Contagious Blood Poison, Scrofula, Cancer, Catarrh, Eczema, Rheumatism, Sores, Ulcers, Boils, or any other blood trouble. Insist upon S. S. S.; nothing can take its place.
